Has Had Many years Experience in the Business and will Undoubtedly meet with success.

C. E. Campbell, who for many years was connected with the Briles bakery at Carthage and who has lately operated a bakery of his own at Cherrystone, Kansas, has decided to open a bread making establishment in Jasper.

His baking outfit which he used at Cherrystone arrived this week and has been stored away until he has decided on his location.

Mr. and Mrs. Campbell are contemplating building a building on their lot at the corner of Grand Avenue and First street and if they decide to build will wait till it is finished before Mr. Campbell opens his bakery. If he decides to rent a building however, he expects to be making bread in a short time.

Mr. Campbell is an expert baker, having had many years experience in the business and undoubtedly will make a success of his undertaking.

Bitten by Vicious Dog.

The following from a Cripple Creek, Colo., paper concerns a Jasper lad who is visiting in that city:

While walking along Bennett Avenue in the vicinity of the Creamery center yesterday afternoon, Harold Monroe, age 7 years, was attacked by a bulldog owned by Michael Dunn of Goldfield. The attack was entirely unprovoked and was the cause of much regret by the owner of the animal. The child's arm was severely lacerated, but as the wound was subjected to treatment soon after and the dog showed no sign of rabies, no serious result is expected. The lad was accompanied by his aunt, Miss Dahmer, a sister of W. H. Dahmer the grocer, of 108 Florissant street.

THE FATHER OF JASPER

Was D. A. Harrison Who Died Sunday Morning.

Dixon A. Harrison, who is looked upon as the father of Jasper, died at the home of his daughter Mrs. Walter Putnam in Carthage Sunday morning at 5:30 o'clock, at the ripe old age of 82 years. He had been ill for the past three months. His ailment seemed to be old age, and at the last his throat was paralyzed for ten days making it impossible for him to take nourishment of any kind, or water.

For many years Mr. Harrison was attorney for the Missouri Pacific railway. The city of Jasper was originated by parties connected with the railroad, and Mr. Harrison was given a sixtieth interest in the original town in return for his services in looking after the sale of the lots and the holding up of the city. Mr. Harrison did a great deal toward building the town, hence our readers will be interested in knowing something about his life.

He was educated at Delaware College at Delaware, Ohio, where the lady who was afterwards Mrs. Rutherford B. Hayes was his classmate. Mr. Harrison was admitted to the bar at Circleville, Ohio, in 1848 and has been practicing law for 51 years.

Mr. Harrison was a strong abolitionist and stumped Ohio for Lincoln along with prominent men of that state in both of the Lincoln campaigns. He was prosecuting attorney of Lick County, Ohio, during two terms and was attorney for three important railroads in a considerable period.

In May 1858, he moved from Ohio to this county, locating on a farm in the northern portion. After living on the farm a year he opened a law office in Carthage and two years later that moved his family here where they have ever since lived.

The deceased was prosecuting attorney of this county at one time. For seventeen years he was attorney for the Missouri Pacific railway.

The deceased is survived by six children, all now residents of Carthage. They are C. J., J. F., H. T., and A. L. Harrison, Mrs. Walter Putnam and Miss Elsie Harrison.

This funeral was held Tuesday morning at 10 o'clock at the residence of Mr. and Mrs. Walter Putnam, conclusion by Rev. T. W. Jeffroy. The interment was at Park cemetery.

Will Locate At Adrain.

J. H. Near returned yesterday from a tour in the north part of the state looking for a location to go into the racket store business. He has decided to locate at Adrain in Bates county about 50 miles north of Jasper on the Mo. Pac. railway. Adrain is a town of about 1200 and Mr. Near thinks it will be a good opening for him. He hopes to get started by August 1st. Mr. and Mrs. Near have lived in Jasper a long time and have many friends who will regret to see them move away.

O. D. WHITTAKER BURNED OUT.

Former Jasper Man Loses By Fire.

From a copy of the Elk City Kansas Sun, we learn of the bad bark which befell O. D. Whittaker and son Harry, who are both well known former Jasper citizens. The building in which they have been running a racket store was partially destroyed by fire, and although most of their things were saved they sustained a considerable loss. The Sun says:

"The front of the building was occupied by the New York Packet Store, owned by O. D. Whittaker & Son, and their store room was saved by the good work of the fire boys under Cap. Rinay, he was also the office overhead occupied by S. N. West. The fixtures of the real estate office and the stock of the New York Packet Store were carried into the street and were saved from being damaged much by fire, smoke and water but the rear end walls of both rooms were burned and charred."

The New York Packet Store sustained a severe loss in moving their goods into the street but just how much Mr. Whittaker is not prepared to state. Everything destroyed was partially covered by insurance.

Killed An Old Woman.

Warren Linn who joined the Epworth League excursions to Denver last week writes that their train from Kansas City was eight hours late in arriving at Denver but they thought themselves lucky as other trains were 24 hours late. He reports a bad accident at Sugar City Kan. The train struck an old woman and killed her instantly. The engineer was not to blame but it was a dreadful thing and cast a gloom over the crowd that was not dispelled till they reached Denver.

The Board Meets.

The School Board met last Monday night and transacted some business. A. H. Dray was selected as secretary of the board and H. Hendricks was reelected treasurer. Mr. Hendricks made his annual report which was approved and which will be found elsewhere in this paper.

SIX HOLIDAYS HEREAFTER

Rural Mail Carriers Will Observe A Half Dozen.

The rural mail carriers will have six holidays during the year hereafter. Heretofore they have secured holidays only by special orders issued a few days before the day to be observed. This year it looks as though the carriers would have to work on the Fourth of July, as no special orders had been received up to July 3. Believing that they surely ought to be permitted a holiday on the nation's birthday at least, the boys agreed to pay for the telegram to the Washington headquarters if Postmaster Wade would send one asking for a holiday for the Fourth. Word came back immediately granting the request, and consequently the five carriers at Jasper took a day off although it is understood the carriers from other towns went out on their routes on that day.

And that was not all, an order was issued on the next day for six holidays during the year to be given to the rural carriers. The holidays will be New Year's, Washington's birthday, February 22; Decoration Day, May 30; Fourth of July; Labor Day, September 5; and Thanksgiving day the last Thursday in November.

What the influence might have been that made the department issue this general order is not certain but the Jasper carriers are taking the credit for bringing it about by their telegram.
